

# Five Billion Dollars Needed To Run American Government In 1921

WASHINGTON, D. C., Dec. 1.—The record billion dollar congress of ordinary years thus faded into the past today, when Secretary Glass, presenting the annual estimates, proposed appropriations of practically five billion dollars for conducting the year's activities of the government during the fiscal year 1921.

According to these figures, it will cost more than five times as much to

conduct the peace time affairs of government as it did in the year immediately preceding the world war.

The greatest individual estimates for expenditures, of course, go to the army and navy. The yearly interest on the war debt, however, is \$1,017,500,000, which sum alone is greater than all the appropriations for all purposes whatsoever of any peace time congress.

All in all, the estimates justify the predictions made on the floor of congress, during consideration of the bills, that the present generation would not see the government conducted at an expense of less than four billion a year.

Among estimated appropriations were:

Army	\$300,315,637.20
Navy	\$42,831,994.60

Estimates for rivers and harbor appropriations included:

Ohio river below Pittsburgh, \$130,000; Pittsburgh harbor, \$4,000; Toledo, Ohio, \$33,000; Sandusky, \$20,000; Lorain, \$10,000.

### SIXTY-SIXTH CONGRESS MEETS

#### ATTENDS TO ROUTINE MATTERS

WASHINGTON, D. C., Dec. 1.—The sixty-sixth congress met today in its first regular session, which was expected to continue until just before the presidential election next fall. There was a large attendance, both in the senate and house, when the gates of the President Marshall and Speaker Gillett fell promptly at noon.

In accord with an agreement reached between Republican and Democratic leaders before the session opened, the usual formality of appointing a committee to notify the president that congress was in session, was dispensed with because of the president's illness. Formal communication of notification was drafted and despatched in the afternoon.

Fifty-five senators answered to their names, while approximately 800 members of the house were present. The crowds in senate and house galleries, however, were smaller than usual at an opening session.

Chairman Cummings of the senate interstate commerce committee, announced that tomorrow he would call up the pending railroad bill and ask the senate to give it right of way on the floor. Senator Thomas, Democrat, Colorado, suggested that the senate begin work at once on the railroad bill or other business, but after a session lasting 23 minutes, the senate adjourned until noon tomorrow, when the annual message from the president is expected to be received.

#### GRANTED TEN PCT. INCREASE

CHICAGO, Dec. 1.—Unskilled laborers employed by stockyards packing firms in Chicago, Kansas City, St. Louis, Denver, Omaha and other western cities, are granted an increase in wages of about 10 percent by a award made today by Federal Judge Samuel McHugh, arbitrator. The increases are effective beginning today and affect about 75 percent of packing house employees.

#### Keels Made Big Haul

MAIDYOSTON—Eleven gunboats, 1000 officers and 30,000 troops of the Russian Red Army captured by the British at Ormuz, according to Colonel G. H. Emerson, American railway commissioner.

The young lady across the way says she has a great deal of time and if worst comes to worst she can run down to Florida in a few months.

#### MINISTERS JOIN POLICE FORCE

FIFE, SCOTLAND, Nov. 21.—It was stated at a meeting of the United Free Presbytery here that in western Scotland ministers were leaving the church and joining the police force on account of the smallness of their stipends.

#### INDICATES RETURN OF RAILROADS TO PRIVATE OWNERS

LOUISVILLE, KY., Dec. 1.—What is regarded as a most significant order indicating definite return of the railroads to private management was received by Louisville railroad agents today from the railroad administration, discontinuing with certain exceptions, effective today, universal interstate working, which was made effective by the government May 1, 1918.

#### REFUSES SALE OF 2.75 BEER

KANSAS CITY, MO., Dec. 1.—Federal Judge A. S. Van Valkenburgh today denied the application of the St. Louis Brewing Company and the Kansas City Food Products Company for a temporary injunction restraining the district attorney and the collector of internal revenue from interfering with the sale of 2.75 percent beer.

#### FRENCH URGING U. S. DELEGATES NOT TO RETURN

PARIS, Dec. 1.—The French representatives in the peace conference are urging the American delegates to delay their departure for home until the protocol is signed, putting into effect the peace treaty with Germany, it was learned today.

Although today was the date set for the exchange of ratifications of the treaty, no definite news was at hand regarding the intentions of the Germans as to the signing of the protocol, in which they are expected to guarantee the carrying out of the armistice terms.

The supreme council today adopted the terms of the reply to the recent German note regarding prisoners of war. The contents were not given out. The feeling in French circles, which is shared by some of the other delegations, is that the departure of the American delegates at this time would be misinterpreted in Germany as a sort of abandonment of the conference, although it would in no way change the relation of the United States toward that body.

#### SHUT DOWN BY COAL SHORTAGE

CLEVELAND, O., Dec. 1.—Shortage of coal closed down one steel mill here this morning and another steel company was forced to close down operations. After having kept their mills in partial operation during the week, the Empire Rolling Mills Company was forced to shut down today because of the lack of coal and the Union Rolling Mills Company shut down its two rolling mills.

#### GREAT ACTIVITY PREVAILS AT FIUME AMONG "REBELS"

BEIGRADE, Dec. 1.—Great activity prevails at Fiume. A destroyer left there Saturday, presumably for Zara, according to the Serbian press bureau. The merchant vessel Adria followed with \$1,000,000 worth of goods from Fiume, according to the D'Annunzio fleet there, had gone on board a destroyer and purposes capturing

#### DEBT LIMIT OF FOUR AND A HALF PERCENT FOR CITIES

COLUMBUS, O., Dec. 1.—If the legislature, which reconvenes this evening after a six months recess, accepts the recommendations of the joint taxation committee relative to the debt limitation, cities will be limited to 4 1/2 percent of their total real estate duplicate.

Chairman Parrett, of the joint committee, announced today that this proposal has been tentatively agreed upon by the committee and without doubt it will be the final recommendation to the legislature. A tentative limitation of 3 percent has been practically agreed upon for counties. The township limitation has not been worked out.

Though it has not been definitely determined, it is expected the committee will recommend these limitations be incorporated into a constitutional amendment, which will be submitted to the voters for approval at the November election this fall. Uselessness of making them statutory is said to have been demonstrated by Longworth act, which has been in operation as a debt restraint for several years, but which is practically useless because of the numerous laws of subsequent enactment, which permits debts to be incurred outside its limitations. Under a constitutional provision, the limitations prescribed in it could never be overridden by the legislature.

In cities, such as Lorain and Niles, where the proposed 4 1/2 percent limitation already has been exceeded some provision must be made it is said, to limit future debts to such an extent that total indebtedness soon will be brought within the 4 1/2 limitation. After setting within the proposed limitation, it then would be impossible to go beyond it again.

The joint committee may be ready to introduce the graduated automobile license law this evening. Chairman Parrett said, or if not today, tomorrow. Other proposed taxation measures including an income tax law, and for weak school districts and the debt limitation amendment, probably will be ready for introduction by the middle of the week.

James A. White, superintendent of the Anti-Saloon League said the proposed prohibition enforcement measure has not been agreed upon yet. He is expected to discuss the measure with the temperance committees of both houses tonight or tomorrow. It is understood that city leaders may recommend a bill following closely the federal enforcement act.

#### FACES CHARGE OF PERJURY

CHICAGO, Dec. 1.—H. S. White, of Spokane, Washington, head book salesman for the Pan-Motor Company, was ordered held to the grand jury in federal court today on a charge of perjury. White is one of the defendants of the downing of a mail airplane containing company on trial to defend charges of using the mails to defraud.

### LADY ASTOR, MOTHER OF SIX CHILDREN, IN PARLIAMENT

Lady Astor and her family. Left to right: Miss Phyllis, John Jacob, Lady Astor, Robert Shaw, Michael David, William and Walter.

LONDON, Dec. 1.—Tickets to the public gallery of the house of commons for today's session were in great demand, hundreds thus showing their desire to see the first woman member presented in the house. It was impossible to accommodate nearly all the applicants.

Cousiness Georgina Markievicz, who was elected member of parliament for the St. Patrick's division of Dublin last year, but who refused to take her seat, owing to her Sinn Fein affiliation, was in London over the week-end, and her

presence created curiosity as to whether she meant to forestall Lady Astor by taking a seat in the house of commons by making a dramatic appearance. The countess, however, went direct to Manchester, where she addressed a big Sinn Fein meeting, and it is expected she has no intention of returning to divide attention with Lady Astor. The latter spent Saturday night at her country home at Clivedon and returned to London today to make her debut in the house of commons.

Her first opportunity to cast a

vote will arise when the bill providing for premium bonds is placed before the house.

The duchess of Marlborough, formerly Miss Consuelo Vanderbilt, of New York, who intends to become a candidate for the first suitable vacancy in parliament has since her election to the London city council last year concurred herself largely with the question of housing the poor people. She is reputed to be remarkably popular among her constituents who inhabit one of the district neighborhoods of South London.

### WILLFUL INDIFFERENCE TO FEELINGS OF AMERICAN PEOPLE BY MEXICO, CHARGES NEW NOTE SENT TO CARRANZA BY U. S.

EL PASO, TEXAS, Dec. 1.—An investigation report was current here today that William O. Jenkins, American consular agent at Puebla, Mexico, had been liberated from jail. Andres G. here, said he had heard the report, but no verification of the rumor had been received.

WASHINGTON, D. C., Dec. 1.—Receiving his request for the immediate release of Consular Agent Jenkins, imprisoned at Puebla, the latest American note to Mexico made public here today arraigns the Mexican government's conduct in severe terms and characterizes it as a studied attempt to ensure the American consular agent in the intricacies of legal proceedings.

No ultimatum was served and no indication was given of what the American government's course would be if Jenkins is not immediately released. The note says the only conclusion this government can draw is that Mexico has made a "studied effort" to ensure Jenkins in legal intricacies, divert the attention of the American

and Mexican people both from the fact that the second largest city in Mexico is overrun by bandits, and that the Mexican authorities have been negligent.

"It appears," says the note, "to have been the purpose of the Mexican government to assume a willful indifference to the feelings of the American people that have been aroused to the point of indignation by the exposure, hardships, and physical suffering by Jenkins during his abduction and his subsequent treatment at the hands of the Mexican authorities."

The new American note begins by saying the United States declined to be drawn into a judicial discussion of "irrelevant or unimportant matters," and says the request for the consular agent's release is founded on "right and justice."

"The United States," the note says, "is constrained to the opinion that Carranza's arguments that the case is being investigated and that Jenkins has not been taken opportunity to be released on bail, are 'mere excuses.'"

This government does not admit, the note says, that it is necessary to keep Jenkins in jail while his case is being investigated and this government "fails to discern" that the "intricacies of the Mexican penal law" have been studied with impartial effect to Jenkins.

The Mexican government cannot serve that it cannot interfere with the judicial process of a state unless there has been a denial of justice. The American note argues, because, it contends, there already has been a denial of justice, and the Mexican constitution extends the power of the federal government to all cases concerning consular officers and diplomatic agents.

The United States is not to be driven to such subtle arguments," says the note, "into a defense of its request for the release of Mr. Jenkins. It is for Mexico to show cause for his detention; not for the United States to show cause for his liberation."

Then, the note says, "arrested" of extraordinary matter with which the Mexican note of November 21 envisions to clothe it, the naked case of Jenkins stands forth. The note then (Continued on Page Six)

#### STORK VISITS GOV. COX HOME

COLUMBUS, O., Dec. 1.—Governor and Mrs. James M. Cox are the parents of an eight and one-half pound girl, born this morning at 6 o'clock at the governor's home, "Trails End," Dayton. It was announced at the governor's office here.

COLUMBUS, O., Dec. 1.—Every Ohio county was represented today by the approximately 3,000 church people who came to Columbus to attend the opening session today of the three day conference of the Inter-Church World Movement.

#### SOCIALISTS LEAVE ITALIAN PARLIAMENT WHEN KING ARRIVES

ROME, Dec. 1.—When King Victor Emmanuel entered the parliament today to deliver the speech from the throne, he was received with loud cheers. Premier Nitti requested the audience to be seated. Upon this the extreme Socialists shouted: "Viva Socialism," and left the chamber. Other seats were immediately taken by other deputies. King Victor Emmanuel and Queen Helena were given an enthusiastic reception while proceedings from the quinal to the parliament buildings. Bells were rung; there were salutes from many guns and cheers from the crowds. Flowers along the streets were decorated with flags. The king, in his speech from the throne, said that the confidence and sympathy of the nation was indispensable to parliament and was its collaboration in all movements for the good of the people. Italy, he said, after her great victory, must direct all her efforts to the works of peace. The king began by greeting the heroes of the army and the navy. The stitutes and energies they had displayed during the war would serve to hasten the economic reconstruction, he said.

#### STRIKE CLOSES THE FALL RIVER TEXTILE MILLS

FALL RIVER, MASS., Dec. 1.—Virtually all the textile mills in this city, employing 35,000 operatives, were tied up today by a strike for a 25 percent increase in wages. The demands were made by six of the National Amalgamation of Textile Operatives, numbering approximately 7,000, and their leadership was largely followed by the unorganized workers.

#### NEW BEDFORD, MASS., Dec. 1.—

Union textile operatives here, who threatened last week to strike today to enforce wage demands, remained at work pending further negotiations with the cotton manufacturers.

#### POINDEXTER CHARGES GAG LAW TACTICS

PIERRE, S. D., Dec. 1.—United States Senator Miles Poinexter today charged that Republican leaders of South Dakota were assembling to conduct their state convention tomorrow under gag law tactics, which would prevent him from obtaining a fair hearing. He arranged to address a public meeting at a local theater late today.

# Lewis Furniture Co. Buys Out D. A. Alspaugh

One of the most important business news interests of this city, will be dealt in the city for some time, was closed this afternoon, when the Lewis Furniture Company, Second street, near Court, purchased the Chillerthe street furniture store of D. A. Alspaugh.

Possession will be given just as soon as the Alspaugh stock can be liquidated. It was stated today by Mr. Alspaugh, "I will retain my present warehouse at Third and Gay streets, and will close on my business from this place," Mr. Alspaugh said.

The Lewis Furniture Company take over my ten year lease on the Werz building, which I am now occupying," Mr. Alspaugh continued. He has been in business in Portsmouth for 22 years and is one of the city's best known and progressive business men. The announcement that he would ultimately retire from the retail business interests of this city, will be levered with regret, as Mr. Alspaugh was a valuable asset to the city in retail circles.

Pete Warrick is manager of the Lewis Furniture Company, and will have charge of the firm's new store up town. He is a hustler from the word go and no doubt will carry on the business along the same successful lines pursued by Mr. Alspaugh, who always sold the best quality, and not only the best quality, but the only quality.

The Lewis Furniture Company will for the present continue to operate the business place in the Werz building on Second street. Walter H. Lewis, president of this company, was here today and closed the deal. He is recognized as one of the highest furniture men in the Ohio valley, having made a phenomenal success of this business.

## INSTITUTE OPENS AT HAVERHILL

Today the first Farmers' Institute of the fall started at Haverhill and Pond Run. The first sessions were held today and they will both close tomorrow, with the afternoon sessions.

There are three speakers at both places. Mrs. Margaret Holmes, E. J. Higgins and J. C. Dickinson are the Haverhill Institute speakers while Miss Nellie Woods, A. F. High and S. W. Burlingame are the Pond Run speakers.

Both institutes opened this morning at nine o'clock with good attendance, the good weather allowing many farmers to get to the meetings.

At Pond Run Miss Woods gave a

talk on "The Child of Today". She is hard to beat when it comes to solving the housekeeper's problems and her message was timely and helpful. The discussion was led by Mrs. W. H. Kennedy, "Why and How We Grow Clover" was Mr. Burlingame's subject. The speaker is a successful hill farmer

and knows the problems and possibilities of southern Ohio.

L. Jones led the discussion. A male quartet furnished music.

J. C. Dickinson speaker at Haverhill has a hill farm and knows how to make it produce. Mr. Blinn who also talked this morning is a highly trained and successful orchardist.

## BREAK GROUND FOR NEW AUDITORIUM

At one o'clock this afternoon Mayor H. H. Kays inaugurated the excavation work on the new Auditorium, Bond and Gillia streets, by turning the first shovel of earth his work being followed by a large gang of men who tackled the excavation in real earnest.

Construction work on Portsmouth's new Auditorium is now being rushed through at all possible speed. Present indications are that the first section of this new building, which will be the swimming pool will be completed and opened to the public in less than ninety days. This announcement was made today at the office of the Portsmouth Real Estate Company which is erecting the Auditorium.

S. S. Wootley, Jr., president of the company, expressed entire satisfaction of the progress already made. In referring to the Auditorium, Mr. Wootley said, "I am highly gratified with the whole-hearted support and cooperation now being given this local enterprise by public spirited citizens, merchants and professional people of Portsmouth. When one stops to consider that our Auditorium will be the largest available building for big events and amusements between Huntington and Cincinnati, they know that it cannot fail to provide an exceptionally good investment."

## WAR-TIME RESTRICTIONS ON COAL IS IN EFFECT

WASHINGTON, D. C., Dec. 1.—War-time restrictions on the consumption of coal were ordered into effect today for the period of the present strike emergency.

State and local authorities, Dr. Garfield said, will be asked to cooperate, though the rationing of coal would be done through the regional coal committee set up by the railroad administration.

## UNCLE SAM MEANS BUSINESS THIS TIME

WASHINGTON, D. C., Dec. 1.—"The state department means business this time," declared Representative Porter, chairman of the house foreign affairs committee, today after an hour's conference with Secretary Lansing on the Mexican situation.

Chairman Porter declared that for three years he had believed that an amicable intervention in Mexico through the seizing of ports of entry or a forcible intervention would be necessary and that there was nothing in his talk with Secretary Lansing to cause him to change that opinion.

## CINCINNATI ORCHESTRA TO BE IN HUNTINGTON

The Cincinnati Symphony Orchestra will fill an engagement in Huntington on Monday December 8. A number of Portsmouth people are planning to attend the concert. The orchestra played an engagement in the New York Hippodrome last night and according to telegraphic information made a most favorable impression.

## Fox Coming Tonight

Charles H. Fox, who meets Joe Varga Tuesday night in a flinch wrestling match, will arrive in Portsmouth on the 7:30 o'clock N. & W. train tonight.

In a telegram to a friend here he stated that he was in the pink of condition and ready to give the best match of his career. Fox is accompanied by his manager, George Greenwald, and his two boys, Eli and Stephen who will furnish the preliminary for the big bout. The next sale has been remarkably good for this match and every indication points to a crowded house when the men meet at the Victory Hall tomorrow night.

### SOCIETY

You take a physic because you realize that constipation is frequently the fore-runner of colds, grippe, tonsillitis, influenza and more serious ailments.

Constipation is a temporary condition which demands immediate correction.

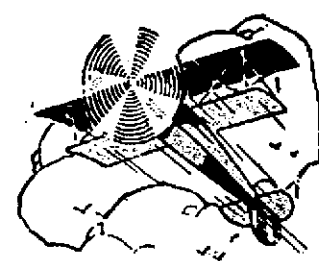

You can't afford to waste time by taking slow-acting cathartics which give no absolute assurance of a complete bowel movement.

Suppose you take such a cathartic tonight? Tomorrow you may still be constipated. In the meantime millions of germs have had a chance to lessen your vitality and poison your blood.

You can't fight constipation with half-measures. You must cleanse your intestinal tract quickly and surely, if you wish to avoid more serious ailments.

## Secure Jury In Maddy Trial

Thomas Maddy, Hardin township farmer was placed on trial before Judge Thomas and a jury in common pleas court today on a charge of second degree murder for the killing of T. E. Thompson, merchant and postmaster at Young, on August 18, last.

Immediately on the convening of court this afternoon the work of selecting a jury was started.

At two o'clock the following jury was selected, Benjamin Clark, Elmer Vaughters, Henry Turner, William Rose, Thomas Haley, Sr., Edward Breckner, Thomas Brand, S. N. Doherty, Andy Wolfe, James Boyd, J. J. Spencer and J. M. Ball.

It is charged that Maddy shot Thompson during a quarrel over the handling of a crop of tobacco, which the accused was growing on his victim's land. The trouble occurred in the tobacco patch and Thompson was shot twice, one of the wounds proving fatal a few days later, when he died at Hempstead Hospital. Maddy's wife

was the only eye-witness to the trouble. The defendant who has been out on bond since the shooting, will be defended by Attorneys Blair and H. F. D. F. Kinkle and Milner, Miller and Seid while Prosecutor George W. Sheppard will handle the case for the state. It is expected that a plea of self-defense will be made in behalf of the accused, and in statements made to the jury by the attorneys for the defense it was indicated that this plea would be relied upon by the defendant. Quite an array of witnesses were on hand to testify for and against Maddy.

pensive Drugs Without Result.  
It's Guaranteed.

There are three vital processes of  
human existence—the digestion of  
food, the excretion of waste, and the  
elimination of waste. If any of these  
processes is deranged, the body is  
poisoned. Rheumatism is a result of  
poisoning. It is a disease of the blood,  
and it is caused by the accumulation of  
waste in the blood. Nature's Remedy  
(25 Tablets) is a blood purifier. It  
cleanses the blood of waste and ex-  
cesses the power of resistance to dis-  
ease and leads to the development of  
a new and healthy blood.

"In such a policy," Mr. Baker said,  
"the accent is upon the citizen and  
not the soldier; the officers becoming  
a permanent corps of experts and the  
men a body temporarily devoting a  
portion of their time to military train-  
ing in order that they may enter civil  
life with a sense of national service  
and with superior equipment for suc-  
cess."

The recommendation for an in-  
creased standing army is derived,  
should not be taken to indicate a dis-  
inclination toward the prospect of dis-  
armament.

## Baker Favors Fundamental Reorganization Of The Army And The War Department

WASHINGTON, Nov. 30.—War ex-  
perience plainly shows the necessity  
for fundamental reorganization of the  
Army and of the War Department, it  
was declared by Secretary Baker today  
in his annual report. He recommended  
that the emergency organization, re-  
duced to the peace-time size, be made

permanent, and approved the General  
Staff Bill for a regular establishment  
adequate in size to be the nucleus of  
any great military mobilization the  
country may be called upon to make,  
and locked up by a system of nat-  
ure's training.

"The plan recommended, Mr. Baker  
said, looks to the establishment of sys-  
tems of schools teaching the funda-  
mental branches of education and adding to  
them the skilled trades, so that at the

of the Army gives, and with the edu-  
cation and training which will make  
him more valuable in civil pursuits  
than he could otherwise have been."

Social and recreational opportunities  
also must be supplied, he said, so that  
the graduate from the Army "will  
bring back with him the social values  
which result from education of mind  
and hand acquired in an environment  
made stimulating by the presence of a  
high purpose and sense of service and  
generous association with his fellows."

"The military policy recommended  
by the War Department, therefore, in-  
volves a new Army created with a  
new spirit, having wide civic useful-  
ness and of such size and organiza-  
tion as to be an adequate reliance in  
case of need," the report said.

The text of the initial order to Gen-  
eral Pershing which is quoted, shows  
he was instructed to keep the Ameri-  
can army "a separate and distinct com-  
ponent of the combined forces, the  
identity of which must be preserved."

"The method of cooperation with the  
allies was left to his discretion and

## RED CROSS SEALS ARE ON SALE

Red Cross Christmas Seals are be-  
ing offered for sale today for the first  
time this year in a renewed effort to  
secure money to further the fight  
against the white plague, tuberculosis.  
This year more than ever the need  
is brought home to us so many of  
the boys who served in the war con-  
tracted tuberculosis. The government  
is doing everything in its power to  
take care of these boys in proper san-  
atoriums and to perfect a cure. How-  
ever, many of the boys are not edu-  
cated in the use of the most effec-  
tive and safer sanatoriums return to  
the small huts in their mountain  
homes.

Through the budget obtained from  
the sale of Red Cross Christmas  
Seals an extensive campaign is car-  
ried on as well as treatment of the  
disease.

In Portsmouth today the first Red  
Cross Seal of this season is on sale.  
Buy a Red Cross Seal with every  
Christmas purchase. It will help to  
put someone square with the sunshine.

Mr. Baker added that the authority  
thus conferred "was never in any par-  
ticular modified or diminished."

General Pershing and his associates  
gave no room to doubt and accepted  
no counsel except that of determina-  
tion. When the critical hour came and  
the combined energies of the United  
States and Great Britain did surpass  
all previous estimates and land 2,000,  
000 men in France the arrangements  
made for their reception and for their  
maintenance were found adequate;  
and had the war gone on and the  
60th division program been carried out,  
the landings and during of these  
early pains would still have been ade-  
quate."

Mr. Baker opposes creation of a  
department of the air because of the  
undecided state of the industry, ne-  
cessitating "federal regulation," as  
well as because of military considera-  
tions. It would be just as fatal to  
separate forces from the army, he  
maintained.

Since June 30, 1918, the report  
shows, it has been found necessary to  
use federal troops on 16 separate oc-  
casions to preserve law and order. The  
incidents listed range from Industrial  
Workers of the World activities in  
Arizona to recent movements in the  
coal fields. Mr. Baker concludes his  
report with an appreciation of the ser-  
vices of General Peyton C. March,  
chief of staff.

### Diphtheria

A sore throat is a good breeding place for  
Diphtheria germs. Protect your children  
by never neglecting a sore throat. You can  
wonderfully depend upon TONSILINE. Give  
TONSILINE upon the first appearance of Sore  
Throat—don't give Diphtheria a chance  
in that throat in its weakened condition.  
When TONSILINE is swallowed it comes  
directly in contact with the diseased sur-  
face and induces a healthy con-  
dition of the membrane—then the  
system can better defend the throat  
if attacked by Diphtheria germs.  
Keep TONSILINE in the house  
where you can get it quick when  
needed. 35c, 50c, and \$1.00.

## HUNTERS RETURN; KILL EIGHT DEER

Albert Monroe, Carl Whittle, Adolph  
Glockner, of this city, J. R. Shepherd,  
Capt. G. W. Davis, Captain John  
Davis of Fullerton, Eugene Davis and

John Kees, Jr., of Ashland, have re-  
turned home from a successful hunt-  
ing trip at Northwest. Portland,  
Maine, seventy miles into the  
Canadian border. The men  
into camp Nov. 8 and broke  
Thanksgiving Day.

## Ohio Is Falling

The Ohio river is again falling at  
this point, the gauge showing a stage  
of 41.7 at 7 o'clock this morning. The  
highest stage reached was 43.5 at  
midnight Saturday. The Ohio  
is falling from Pittsburgh to Maysville.

The Greendale passed up today for  
Charleston. She was ten hours late.  
The Chris Green will be up Tuesday  
morning for Huntington and will be  
down tomorrow night for Cincinnati.

Each secured the limit of one deer  
each during their stay at the hunt-  
ing grounds. Five of the deer served  
the express office here Sunday.  
The fine large specimens caused  
considerable comment around the N.  
W. station Sunday when they were  
taken from the express car. Each  
deer had large spreading antlers.

## SURVEYORS ARE AT WORK IN PIKE COUNTY; MAY SELECT NEW ROUTE

The Waverly Watchman, in the  
current issue of local interest says:  
"A quarter of a million dollars will  
be expended in Pike county by the  
State of Ohio during the next few  
years if the proposed program is car-  
ried through."

The state plan is to get a paved  
highway from Columbus to Port-  
smouth and the state will pay, not only  
the first cost, but the maintenance of  
same.

At present surveyors from the State  
Highway Commissioner's office are  
trying to determine which will be  
the best route from Waverly to Port-  
smouth. The present route through  
the Pacific is not much in favor and  
the canal route, from Waverly to  
Portsmouth, by way of Jasper, Com-  
perville, is advocated. Some claim  
that this route will be the best, since  
it will take a high stage of water in  
the Scioto to cut traffic by this route,  
whereas the Pacific route and the  
roadway even below Picketon is not so  
desirable. The cost of maintaining  
the Pacific route would be three or four  
times that of the other route. An  
example of this was seen during  
the 1917 flood when quite a piece of  
macadam road was almost totally de-  
stroyed between the D. T. & L. rail-  
road crossing and Frank Stabler's  
residence below Waverly.

The Scioto Trail between Waverly  
and Portsmouth is in dreadful condi-  
tion, excepting the concrete and brick  
paving in Scioto county between Luk-

During their camping period the  
party encountered eight inches of  
snow, the mercury falling to eight  
below zero.

The trip to the hunting grounds was  
made by the way of Chicago, Mil-  
waukee and St. Paul.

## A TIP FROM THE M.D. FORTIFY AGAINST THE "FLU" BY TAKING SHAMROCKS

State Medi-  
cal Boards,  
Physicians,  
Druggists,  
and Local  
Health  
Boards are  
warning the  
public to pre-  
pare for a re-  
turn of Influenza.  
They are advising  
the public to  
keep their  
eliminating  
processes work-  
ing by the adminis-

tration of some good "Constitutional Laxative"—such as  
Shamrock Laxative Stomach and Liver Medicine. Ordinary  
pills, salts, and mineral waters will not thoroughly re-  
new the system. Take Shamrocks to completely clean you up.  
You must not take calomel—it's an irritant poison—it's quick-  
silver and will salivate. Shamrocks take the place of calomel  
and its harmful after effects. Shamrocks act so pleasantly  
and effectively you just can't help but like them. Try a pack-  
age right away. Most all druggists sell them for 25c a package.  
Remember! Only the good is substituted.

It will pay you well.

**THE MARRIED AVERAGE MAN**

I had another trying scene with Eric today. I was off my guard. I had finished my work and was having lunch with Athens. My mind was made up to tell her everything—the ordeal of my mother-in-law's visit. —Jim continued coldness and resentment at my work and my being so much at Athens's, my struggle in regard to Eric when he dropped in unceremoniously and found me tearfully beginning the recital of my woes.

"Come on out for a walk, you two temperamental souls," he cried loudly. Of course Athens declined. And of course, I went.

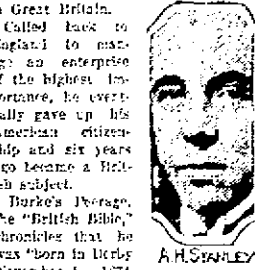

"You have not answered my question, Ann, and you must answer it. Do you love me, or do you not really love your husband?"

It was easier this time. I did not feel so trapped, so helpless as when he had me close by the wrists, sending through me those terrifying, conscious shivers that robbed me of voice and thought.

"Frankly, Eric, I do not know," said I miserably for it is never an easy thing to tell a man like Eric. I said that the husband you freely chose a short year ago has disappointed and disappointed you in a hundred ways. We Eric loves me. I do not deceive myself on that score any longer. One fatal admission from me and Eric would sweep me off my feet blind to consequences with his fluent words, destroy my sane judgment by the disastrous charm his touch, your presence, has for me, and by feeding my hungry spirit with his sympathy makes me utterly unfit to find out my own heart's needs.

"That means," he answered, "that you do not. If you are starting to death you don't have to stop and think. Am I hungry? When you are lost in a storm on a mountain top you don't question whether you're freezing or not. When you have drunk champagne

**WHO'S WHO IN THE DAYS NEWS**  
SIR ALBERT STANLEY  
Sir Albert Stanley is about to be made a British peer in recognition of his war services as chief of transport. Although English by birth, he is American by training, and it was his experience in this country that enabled him to win prominence in Great Britain.

Called back to England to manage an enterprise of the highest importance, he eventually gave up his American citizenship and six years ago became a British subject.

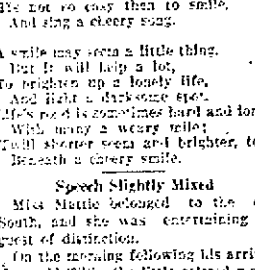

Born in Detroit, the "British Billie," as he is known, is the son of Henry Stanley of Detroit, Mich., U. S. A., married December 8, 1904, Grace Lowrey, daughter of Edward L. Woodruff of New York.

When he was five years old, his parents removed from England to Detroit, where his father was naturalized and so he too, became an American citizen.

It was his thoroughly American qualities that moved Prince, Minister Lloyd George to appoint him chairman and appoint a man of American business training to be a cabinet minister.

Stanley was named president of the board of trade three years ago after he had made a remarkable demonstration of efficiency as head of the London transit system.

**DO C KOKO'S - KOLUM**  
What a Smile Can Do  
When faces are fair, and slip along on golden phloxes, red, the eyes then to give a smile to every one you meet. But when the skies are dark overhead and everything goes wrong, it's not so easy then to smile. And sing a cheery song.

Speech Slightly Mixed  
Miss Mattie belonged to the old South, and she was entertaining a great deal of distinction.

On the morning following his arrival, she told little, the little colored maid, to take a pitcher of fresh water to Mr. Virgil's room, and to say that Miss Mattie sent him her compliments, and that if he wanted a bath, the bath room was at his service.

When Mattie returned she said: "I told him, Miss Mattie, that I would do it for you, but he said, 'Why did he laugh?'"

"I don't know," she said.

"What did you tell him?"

"Just what you told me to."

"Little tell me exactly what you said."

"I forgot to do so, an' I said: 'Mr. Virgil, Miss Mattie sends you her love, and she says, 'Now you can get up and wash yourself.'—Lippincott's Magazine.

**REV. C. E. CHANDLER IS THE NEW HEAD OF MINISTERIAL ASSOCIATION**

At the meeting of the Ministerial Association this morning, Rev. C. E. Chandler, president of the Association, tendered his resignation, owing to the fact that he has accepted a call to Columbus and will leave Portsmouth the first of the year. Rev. S. Glavin also tendered his resignation as secretary.

It was with regret that the Association accepted President Chandler's resignation, and the following resolution was passed:

Inasmuch as Rev. E. L. Averitt has accepted the pastorate of a Baptist church in Columbus, and therefore will soon return to that city.

Be it resolved that the Portsmouth Ministerial Association elect the following resolution:

Rev. Averitt has filled a large place in this community. His influence has spread throughout the entire city. We have lost a warm place in the hearts of his people and the hearts of the church workers, and he goes from us with our Godspeed. Our prayer is that his life may be instrumental in doing many souls to know Christ.

The Association then elected Rev. C. E. Chandler, pastor of the Bigelow church, and for many years an active member of the Association, to the office of president. H. A. Jones, pastor of the First Baptist church, was elected secretary. Rev. S. Glavin was elected treasurer.

NEW YORK, Dec. 1.—A page from the diary of a modern Samuel Pepys: Early up and to see Mistress Jael with my wife, poor wretch, and she both make a mighty moan of the time and tells us of paying six pounds for boots. But a lovely lady and she gave us some lovely cake. In the park I met an old work fellow and he is grown a drunken old, pop-eyed and flabby, which grieved me all the day.

In a petted wagon I caught a glimpse of Mistress Ethel Barrymore in a brave big purple hat and a jet black dress of velvet looking the finest ever I saw. My wife gushed at an art gallery and I went to Fourteenth Street to play at pool and Dr. Birks the flanner, sang the quaintest song ever I heard about a white pure cat that wandered to Pittsburgh.

## STRINGENT REGULATIONS IN FORCE IN MANY STATES TO SAVE COAL

CHICAGO, Dec. 1.—Further stringent regulations for conservation of coal supplies, made necessary by the strike of bituminous coal miners who have now been idle a month, were in effect today over virtually the entire country between Ohio and the Rocky mountains and from Canada to the Gulf of Mexico.

Regional fuel committees took control of coal stocks in many states, and consensual industries continued to close down because of lack of fuel.

while the hours of operating stores, theaters and office buildings were curtailed.

In Kansas City, Missouri, and Omaha and Lincoln, Nebraska, all schools were closed today and officials of many other cities discussed the advisability of closing the schools until the fuel shortage is relieved. Reports today from the large bituminous fields of Illinois, Indiana, Ohio and Pennsylvania gave no assurance that the union miners intend to accept the offer of an increase of 14 per cent in wages made by the federal fuel administration. Neither was there any indication that local settlements would be effected between miners and operators.

In West Virginia union officials asserted that most organized miners in district No. 17, which includes the Kanawha fields, would be idle today. The operators, however, claimed the output in the New River district would be increased during the week.

Governors Make Recommendations

Governors of Illinois, Indiana, Iowa, Missouri and Tennessee and a representative of the Governor of Kansas, who met here yesterday in response to a call issued by Governor Gardner of Missouri to discuss means for ending the threatened coal famine, recommended to the federal government that a fuel administrator be appointed in each state to have full charge of distribution of all coal available for his state. It was also recommended

that all coal mined and in stock be distributed equitably among the 49 states on the basis of their needs developed during the war regardless of the states where mined.

The governors left for their homes today after agreeing to convene again at St. Louis next Sunday. Miles C. Riley, secretary of the conference was directed to go to Washington to lay the situation before the coal authorities.

The calling off early today of the

supply of coal available.

To Operate Under Receivership

Plans for operating the coal mines of Kansas under a receivership of the state supreme court went forward today and Governor Allen announced that actual digging by volunteers would begin tomorrow. Twelve hundred Kansas national guardsmen and 800 federal troops were in the Pittsburgh mining district today and it was announced that all volunteer work would be protected.

In Chicago, T. W. Proctor, chairman of the regional committee, told the coal dealers of the city that they did not own a pound of coal as he had taken control and would distribute it.

"None of you own a pound of coal," said Mr. Proctor, nonessential industries will be stopped, commerce will be slowed down and luxuries will be eliminated.

### ARRESTS IN ELECTION FRAUD TO BE MADE SOON

GRAND RAPIDS, MICH., Dec. 1.—First arrests by federal officials of one of the 133 men named with United States Senator Truman H. Newberry in the indictments returned by a grand jury here late Saturday on charges growing out of investigation of the Newberry campaign last year, were expected today. Arrests for the crimes were being prepared as rapidly as possible and Special Assistant Attorney General Frank C. Dally was expected to return today from Indianapolis to help speed the work.

It was said an attempt would be made to commence arraigning the defendants before Federal Judge Clarence W. Sessions here next Monday, with the probability that they will come into court in small groups and that all may be admitted to bail, one man in one instrument covering all.

Further announcements of names of those indicted had not been made up to this morning and it was indicated early today that these would not come until arrests were made. Bench warrants have been issued by Judge Sessions.

### SOCIALISTS LEAVE ITALIAN PARLIAMENT WHEN KING ARRIVES

ROME, Dec. 1.—When King Victor Emmanuel entered the parliament today to deliver the speech from the throne, he was received with loud cheers. Premier Nitti requested the audience to be seated. Upon this the extreme Socialists shouted: "Viva Socialism," and left the chamber. Their seats were immediately taken by other deputies.

### LITTLE BELIEF IN RUMORS ON ITALIAN CRISIS

BERNE, Sunday, Nov. 30.—Rumors from Italy relative to a revolution and the possible imminent abdication of King Victor Emmanuel had limited belief here. It is considered a good sign that the Italian frontier continues open.

### NEW NOTE IS SENT TO MEXICO BY THE U. S.

WASHINGTON, Dec. 1.—Further than the statement that another note had been sent to the Carranza government dealing with the case of William O. Jenkins, American consular agent, now in prison at Puebla, state department officials have nothing to say today relative to developments in the Mexican situation. The latest American note, replying to Carranza's refusal to liberate Jenkins as demanded, was dispatched to Mexico City yesterday and should be in the hands of Mexican officials some time today. There was no announcement here as to when the text would be made public. State department officials declined to discuss the note, but in other quarters the belief was expressed that it emphatically states the views of this government and indicates it will be the last on the subject as Secretary Lansing already has stated. Officials here have no inclination to go into a long diplomatic discussion of technicalities.

There still were no new facts concerning the reported killing of William Wallace, oil man, the latest American to lose his life at the hands of a Mexican. The embassy at Mexico City is investigating the case.

### STORK VISITS GOV. COX HOME

COLUMBUS, O., Dec. 1.—Governor and Mrs. James M. Cox are the parents of an eight and one-half pound girl, born this morning at 6 o'clock at the governor's home, "Trails End," Dayton. It was announced at the governor's office here.

### INDUSTRIAL CONFERENCE CONVENES IN WASHINGTON

WASHINGTON, D. C., Dec. 1.—Seventeen men, widely known in business and public life, representing no particular group as such, but acting for the people as a whole, assembled here today to confer on the country's industrial situation. The conference, the appointment of which was announced from the White House, November 20, marks the second effort of President Wilson to devise means for settling the chaotic conditions that have prevailed for months in industry. It was designed to accomplish what the recent national industry conference failed to do.

The opening session was set for 2:30 o'clock. No form of procedure was set for the gathering and this will be determined by the conference itself. In the words of President Wilson, "the new representatives should have come from our industries may be conducted with such regard for justice and fair dealing that the workman will feel themselves induced to put forth his best efforts, that the employer will have an encouraging profit and that the public will not suffer at the hands of either class."

Use of the Pan-American building was granted to the conference. It was bettered the sessions would be closed, but this question remained to be decided by the delegates themselves. After organization, Organized Labor has expressed dissatisfaction with the personnel of the conference because of the fact that no labor men were named, although they claimed every other interest was represented.

Prince Ruth Home Arrive

PORTSMOUTH, ENGLAND, Dec. 1.—The prince of Wales arrived here at 10 o'clock this morning following a trip to Canada and the United States. He arrived on the ship "The Empress of Britain" and was met by a large crowd of people. The prince is expected to stay in Portsmouth for a few days before returning to his home in Scotland.

### GREAT ACTIVITY PREVAILS AT FIUME AMONG "REBELS"

BEIGRADE, Dec. 1.—Great activity prevails at Fiume. A destroyer left there Saturday, presumably for Zara, according to the Serbian press bureau. The merchant vessel "Adria" followed with \$1,000,000 worth of goods. Reports from Fiume stated that "Admiral" Rizzo, commander of the D'Annunzio fleet there, had gone on board a destroyer and purpose occupying Zadar.

### POLICE SERGEANT KILLED IN A CAFE

Isaac in a cafe shortly after midnight, when Sergeant Isaac and another officer attempted to search for four men for concealed weapons.

### STRIKERS AND SHERIFF CLASH

WHEELING, W. VA., Dec. 1.—One striker was shot to death and another seriously injured in a clash between striking steel workers and Sheriff Clayton at New River this morning, according to reports received by police here.

### TERMINAL MEN CALL OFF STRIKE

KANSAS CITY, MO., Dec. 1.—As suddenly and unexpectedly as it began Saturday, the strike of 1500 railroad switchmen in the local yards was called off here today. The action was taken at a secret meeting which began yesterday and lasted for into the night, when it was understood a proposition was sponsored by more conservative members of the union, to end the walk-out, was put to a vote and carried. Early this morning a delegation of strikers appeared at the office of W. M. Corbett, general manager of the Kansas City terminal railway, and announced the men were ready to return to work.

Reasons for the decision were not forthcoming, but it was understood that an announcement at the meeting by G. W. Anderson, of Cleveland, a vice president of the Brotherhood of Railway Trainmen, that the strike would be withheld, had much to do with the final action.

Dissatisfaction with the present wage scale and with the outcome of the present conference of national union officials in Cleveland was responsible for the strike, it is said. The two-day walk-out paralyzed shipping in the local yards.

### Baker Favors Fundamental Reorganization Of The Army And The War Department

WASHINGTON, Nov. 30.—War experience plainly shows the necessity for fundamental reorganization of the Army and of the War Department itself, Secretary Baker declared today in his annual report. He recommended that the emergency organization, reduced to the peace-time size, be made permanent, and approved the General Staff bill for a regular establishment "adequate in size to be the nucleus of any great military mobilization the country may be called upon to make," and backed up by a system of universal training.

"In such a policy," Mr. Baker said, "the accent is upon the citizen and not the soldier; the officers becoming a permanent corps of experts and the men a body temporarily devoting a portion of their time to military training in order that they may enter civil life with a sense of national service and with superior equipment for success."

The recommendation for an increased standing army, he declared, should not be taken to indicate a disinclination toward the prospect of disarmament.

The plan recommended, Mr. Baker said, looks to the establishment of systems of schools teaching the fundamental branches of education and adding to them the skilled trades, so that at the end of a term of enlistment, the young man entering his nineteenth year will go back to civil life with the physical setup which the open, athletic life of the Army gives, and with the education and training which will make him more valuable in civil pursuits than he could otherwise have been.

### Crossing The Bridge Before You Come To It

It is bad business to cross the bridge before you come to it.

But it is mighty good business to see that the bridge is built before you come to it.

If there isn't any bridge, you can't get across. There is only one way to save worrying about your money, and that is to save up your money, put it in the Savings Bank, and then, when you come to the river of any emergency or the ditch of any disaster, your bridge will be built for you. Let this Bank help you build the bridge.
